Dear Craig,

On behalf of Their Angels Military Support Group, I'd like to "Thank You" for reminding our Angel Volunteers that they are important and that their labor of love is not only important to our community but to each aspect of our military personnel (active duty, wounded warriors, veterans and of course their main support which is their families).

Yes, small things do matter and I'm grateful that you were able to convey that concept to our volunteers. Thank You for taking on the challenge to get everyone excited about 2016 and the work we do together. I look forward to having you address our volunteers again during 2016.

Thank You for your friendship and being one of our Angel Volunteers.

With Warm Regards,

Marva D. Lyons
